

## Outings Policy

We love mini adventures with children inside or outside of the classroom, and believe that children benefit from being taken outside of the premises on visits or trips to local parks, or other suitable venues, for activities that enhance their learning experiences. We ensure that there are procedures to keep children safe on outings; all staff and volunteers are aware of and follow the procedures as laid out below.

### Procedures

- All off site activity has a clearly identified educational purpose with specific learning outcomes.
- There is a designated lead for each excursion who is clear about their responsibility as designated lead.
- We ask parents to sign a general consent on registration for their children to be taken out on local short outings as a part of the daily activities of the setting.
- We always ask parents to sign specific consent forms before major outings; and a risk assessment is carried out before the outing takes place.
- All outing risk assessments are made available for parents to see.
- Our manager and all staff taking part in the outing review every risk assessment.
- Children with allergies or other specific needs have specific consideration in each risk assessment completed i.e. child with allergies visiting a supermarket.
- An excursion will not go ahead if concerns are raised about its viability at any point.
- Our adult to child ratio is high, normally one adult to two children, depending on their age, sensibility and the type of venue, as well as how it is to be reached.
- A minimum of two staff accompany children on outings. Unless the whole setting is on an outing, a minimum of two staff also remain behind with the rest of the children.
- Named children are assigned to individual staff member to ensure that each child is closely supervised.
- Parents who accompany us on outings are responsible for their own child only. Where parents have undergone vetting with us as volunteers, they may be included in the adults to child ratio and have children allocated to them.
- The staff as a whole will discuss each child individually in an outing meeting before the actual outing, agreeing which children are capable of holding hands together and which children require adult one to one support. The reason for this is so we have control of the children along with staff knowing who is with whom, making the outing run more smoothly and safely.
- Staff frequently count their designated children and ensure hands are held when on the street and crossing the road.
- Outings are recorded in an outings log kept in the setting, stating:
  - The date and time of the outing.
  - The venue and mode of transport used.
  - The names of the staff members assigned to each of the children.
  - The time of return.
- We take a mobile phone on outings, as well as supplies of tissues, wipes, spare clothing and nappies, medicines required for individual children, a mini first aid kit, snacks and water. The amount of equipment will vary and be consistent with the venue and the number of children, as well as how long they will be out for. We apply sun cream to children as needed and ensure they are dressed appropriately for the type of outing and weather conditions.
- We take a list of children with us with contact numbers of parents/carers, as well as an accident book and a copy of our Missing Child Policy.
- We provide children with badges or 'high viz' vests to wear that contain the name and setting telephone number – but not the name of the child.
- Records are kept of the vehicles used, with named drivers and appropriate insurance cover.
- We ensure that seat belts are worn whilst travelling in vehicles and that booster seats and child safety seats are used as appropriate to the age of the child.
- We ensure that contracted drivers are from reputable companies, do not have unsupervised access to the children and are not included in the ratios.

**Date: November 2020**

**Our Outings Policy will be reviewed annually.**
